M250	Mounting Pet Film	PET	250mic (9.8mil)	350g/m ²	-	-	x	PET Liner	Lamination Film

*All mounting films have permanent adhesive on one side and easy removable adhesive on the other side.

FEATURE

- With our unique development of the special adhesives, the installation and removal time are reduced significantly.
- Our uniquely made silicone adhesive has excellent wettability and is able to cleanly stick to window signs easily.
- It is applied to create a permanent bond between printed media and a substrate.
- High adhesive strength for printed media side and removable adhesive for substrate side.
- Silicone adhesive can be reused a number of times.

APPLICATION

- Window sign
